We don't make promises. We make guarantees.

With all the options and offers we can make, there's no reason why we'd guarantee you something we can't deliver. And we don't.

Everything we guarantee will be put down in writing. In a legal document you get a copy of. In language you can understand.

We think today's Army has a lot ot offer you, and we'll try to convince you of that. But we'll never try to mislead you.

If you want to find out about some of our offers, call or see your local Army Representative.

Today's Army
wants to join you.
